

Create Inclusive, ADA Compliant Environments for People with Hearing Loss

Williams AV's FM ADA Hearing Compliance Kit contains everything you need to accommodate individuals for hearing accessibility in small-group settings such as libraries, conference rooms and information desks. This portable, easy-to-use kit includes a transmitter and receiver to facilitate clear communication, create inclusive and engaging environments, and satisfy ADA requirements.

This kit comes in a carry case with 1 FM transmitter, 4 receivers (rechargeable or alkaline), 4 headphones, 2 neckloops, a lapel microphone, a desktop microphone, and an ADA wall plaque.

Ideal for Use in Libraries, Meetings and Conferences
